## HOW DID THE FUND PERFORM LAST YEAR AND WHAT AFFECTED ITS PERFORMANCE?

For LCG, the top two detractors over the period were Boeing and CME, where these companies experienced transitory fundamental headwinds (Boeing) or became out-of-favor due to risk-seeking market sentiment (CME). Our top two contributors were KKR and Intuitive Surgical, where KKR continues to compound its fee-earning asset base at an above-consensus rate, while strong system placements and procedure growth drove positive earnings revisions at Intuitive. Extreme narrowness of index returns (concentrated in the “Magnificent 7”), most pronounced in 2Q’24, was also a headwind to performance.
